NCERT Mathematics Class 8 - Chapter 9

Topic: Algebraic Expressions and Identities - Exercise 9.1

1. Identify the terms and their coefficients for each expression:

   (i) 5xyz^2 - 3zy

   (ii) 1 + x + x^2

2. Classify polynomials into monomials, binomials, trinomials:

   (i) x + y (ii) 1000 (iii) 2y - 3y^2

3. Add the following expressions:

   ab - bc, bc - ca, ca - ab
